FLYING KITE ALLOWS YOUR IMAGINATION TO SOAR

*Editorial Team: M.S. Subba (Principal) Ms. Sudha M (Chief Editor)
Ms. Ramakrishnan:(Executive editor) Ms. Indira Prasadashini :(Executive editor)*

Flying a kite help the children to develop Hand –Eye coordination ,Kinesthetic awareness and Gross Motor skill .Flying a kite can also help children learn about Science ,Physics, weather and Ecology.

The SCAD Witty Moppets showed their determination in preparing their own kite and had fun in flying it.

NOTHING CLEARS A TROUBLED MIND BETTER THAN SHOOTING A BOW:

Archery helps us to turn out all distractions, focus on their form and release the bow striking consistently. Concentrating during archery practice can help you focus better in other areas of life too.

Our SCAD Archery students are trained in such a way that they can focus better anywhere.

READ EVERY DAY ,LEAD A BETTER LIFE:

The more you read the more things you learn. The more things you learn the more place you will go.. Reading is important because it develops the mind. The mind is a music Teaching young children to read help them to develop their language skill. Reading books ensures that the child is exposed to vocabulary on different topic .

SCAD Reading lesson is made more effective under the monitoring of the educators and principal.

Life is an art of drawing without eraser
